

2023 LAHJA Horsemastership Competition Information

The goal of the LAHJA Horsemastership Competition is to encourage young riders to develop comprehensive knowledge and understanding of hunter/jumper sport, their equine partners, and general horsemanship. As such, we award \$5,000 worth of college scholarships to encourage and reward young riders who seek to develop horsemanship knowledge, with an ongoing desire to continue learning and improving. Participants must be 21 or under and current members of the LAHJA. The competition will consist of three phases designed to test horsemanship knowledge. All eligible members of LAHJA are encouraged to participate.

Two levels of competition

We offer two levels of competition. Level 1 is designed to introduce competitors to the program with an emphasis on a more introductory level and acquiring the skills required for Level 2. Scholarships will not be awarded to level 1 participants but there will be awards to the top three as well as recognition at the annual year end celebration. Level 2 competitors will be expected to have more in depth knowledge and the top three overall will receive college scholarships, with first receive \$2,500, second will receive \$1,500, and third will receive \$1,000.

Part 1: Riding Phase

We will offer three different options for the Riding Phase:

1. Submit a video from a horse show round from the 2023 show season. Videos that were submitted for the 2022 Horsemastership Competition may not be used again for 2023.
2. Submit a video from a round performed at home (not a horse show round). To use option 2, the specific requirements listed here must be followed:
 - An adult, other than the trainer (or any staff of the trainer) or parent must certify that the rider completed the course properly.
 - Show attire for riders and correct show tack and equipment for the horse.
 - The course may not be ridden/practiced the day the video is taken.
 - The course must consist of at least eight fences and the height must be listed when submitted.
 - LAHJA encourages groups of riders at the same barn (or nearby) to create a "Horsemastership Riding Phase" day for multiple riders. All participating riders may submit video using the same course.

Current standards for the equitation division will apply.

The videographer and the rider must sign a declaration stating where and when the round was performed. If using option 1 the official class name and class specifications from the horse show must also be submitted. In addition, the rider must submit a statement listing the divisions and/or sections he or she regularly competes in. **This information should also be included in the body of the email when submitting the video.**
